## ABOUT ME

My name is CHHORNG Sambath. I am 22 years old. Nowadays I am a fourth year student at the institute of technology of Cambodia (ITC). My hobbies are Coding and Networking.

## WORK EXPERIENCE

Member of LBE Project

### Institute of technology of cambodia I Phnom Penh

I do the project work with my professor for 4 month at my school. The main purpose of this project is to make the device that can measure the heart rate data from the human and store it in database. I learned a lot about how to work with team, Hardware components, Software and programming language.

## ACHIEVEMENTS

Participant

### Techno innovation Challenge Cambodia I Phnom Penh

This competition is allow anyone that have an idea or project for compete with other team. I attended this competition. My project is detect air quality and monitor it in android app and website. But my project is fail in the semi-final stage.

Participant

### Huawei ICT Competition 2022-2023 I Phnom Penh

There are two track on this program, such as Network track and cloud track. I chose the cloud track for compete. I won the primary stage then go to the Nation stage.
